Your Guide to Digital Transformation

Lightstream Copilot Readiness Services

What is the Solution?

Lightstream AI Readiness Services helps clients to prepare their data, policies, use cases, and stakeholders for the utilization of the powerful AI-powered productivity tool. As part our readiness services, Lightstream engineers will guide clients through key considerations and requirements that will ensure a secure and compliant rollout of Microsoft Copilot for M365.
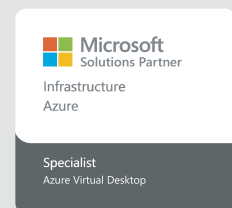

Services Type

Lightstream Readiness Services help customers to:

- Remediate Risky & over-privileged users
- Mitigate device risk
- Prevent overexposure of data
- Develop Use Cases
- Define/identify sensitive data
- Classify data
- Establish Privileged identity management
- Consider Data Loss Prevention
- Develop Training
- Facilitate Office Hours

Outcomes

- Seamless adoption focusing on high-value use cases.
- Data Protection and Governance to mitigate compliance risks and protect sensitive data.
- Technical and Organizational Baseline of the organization's readiness, licensing needs, use case alignment and roadmap.
